Data Structures

Education

ABVGIET, Pragati Nagar, Shimla
2020 - Present
B.Tech-Computer Science

Project

Library Management System
Developed a library management system using Java Swing and MySQL for database management.
Designed and implemented a Java Swingbased library management system integrated with MySQL database to efficiently manage library resources.

Portfolio
Ive crafted a personalized portfolio using HTML and CSS continuously enhancing it with fresh elements and features. This project showcases my commitment to web development and my ability to adapt and improve over time.

Achievements

- Proficient in Java and C++, with a 5-star rating in HackerRank, and a 1400+ 2-star rating in CodeChef.
- Co-coordinated an official coding club at ABVGIET, focused on developing algorithmic knowledge and problem-solving skills of students.
